<input type="checkbox"/> Nurture Trust	<input type="checkbox"/> Tell Me	<input checked="" type="checkbox"/> Shared Success

in the following manner:

Despite various challenges in executing 2018 UIMC scope particularly the PL220 and PL238 IFL Removal scope, PPSB offshore team have shown robust effort and full concentration in the execution of the scope in mitigating delays to achieve WORK Completion and catching up progress.

Proactive measures taken by PPSB offshore team includes:

- Closed engagement between SKO and Project team to strategize planning and incorporate into retrieval works to meet the ultimate target.
- Frequent discussion between PMT and client to have alternative solutions in achieving objective of scope of work while reducing further delays.
- Good worksite coordination between Operation , Marine and Construction during underwater preparation work to avoid unnecessary hiccup during execution.
- Extra alert by PPSB team to ensure all works to be done in safety manner and priorities the "SAFETY FIRST" culture always inculcate the workers regarding "SAFETY FIRST"

By doing this, you have positively impacted the following key result(s):
